## Experience

### **JUNIOR DRAFTER , MAY ASSOCIATES, INDIA - 2006-2008**

- Updated master floor plans; kept organized electronic and hard copies of drawings, documents, and other relevant files regarding the projects; utilized standard templates; organized AutoCAD drawings and layouts; assisted other Technicians and Technologists with model designing. Rendered perspective views in pen/ink and water colour as well.

### **ARCHITECTURAL TRAINEE, TAMEER ART -ARCHITECTS AND INTERIOR DESIGNERS, INDIA - 2008-2009**

- Design concept drawings; client and contractor meetings; space planning; made design choices and solved problems; created plumbing, electrical, reflected ceiling plans and construction working drawings.
  - Excelled in individually handling a project on vernacular architecture - development of remote villages in the extreme Western India. Also, got some practical experience of work being executed on site.
-

---

**Motto in life**

- Propagate social awareness at any given opportunity
  - Conserving and Preserving the environment
  - Design sustainable structures
  - Research and develop vernacular architecture
- 

**Interests**

- Read about Art and Architecture
- Read about History, Biographies and watch Documentaries
- Write about neglected heritage sites and structures
- Observe/Learn and work with skilled workmen - carpenters, masons - related to building works
- Travel/Study - archaeological sites, historical places, structures of architectural significance
