 CADD12384 – Exercise 1b

Use Polar Coordinates to draw property lines

Length:
 Architectural units

Angle:
 Surveyor's units

Note:
 When you are using Surveyor's units,
 you may have to reverse the bearings:

N to S or S to N
 E to W or W to E

Use ROTATE
 Reference to rotate
 the property lines
 horizontal.

(Depends on the direction when
 inputting property lines)
 CHANGE BOTH!

Layer	Colour	Linetype
ASPPROP	Cyan	Phantom2
ASPTXT	White	Cont.
ASPDIM	Red	Cont.
