EMPLOYMENT EXPERIENCE

C.K. Distributing

2006-Present

Delivery Service

- Prepared orders, invoiced and coordinated delivery
- Designed Excel order forms still in use today
- Interacted with customers, taking orders and customer service
- Responsible with planning routes for timely and efficient delivery

Freelance CAD Drafting and Design

2014-Present

CAD Drafter/Designer

- Worked on various small projects
- Majority of work provided by GD Refinishing drafting and designing various custom cabinetry closet organisers, TV wall units, wine rooms, kitchens
- Had to manage time appropriately to ensure completion within time and price quoted to client
- In addition to plans provided clients with 3D renderings of project for visualization

Rob Hardwood Flooring

May-September 2013,2014,2015

Hardwood Floor Finisher

- Worked on a team of 2 to 5 workers
- Sanded, stained, and varnished unfinished hardwood floors
- Experienced building construction first hand, mostly high end residential custom homes within GTA
- Experienced the detail oriented high pressure work due to tight margin of error

Additionally volunteered various short term jobs as a helper for various trades to experience the building construction process first hand from the various points of view

Hobbies\Interests

- Artist in me enjoys sketching and drawing various subjects.
- Certified Lifeguard and First Aid by the National Lifesaving Society
- Enjoy a wide variety of sports including soccer, volleyball, cycling and almost any organized team sport.
- Spent a few years as part of Polish Boy scouts spending two weeks in the summer camping. Including learning some basic survival, sailing and other skills, eventually becoming and volunteering as one of the camp leaders
- A passion for cars and automotive. I enjoy tinkering and working on cars, restoring and replacing the motor in my own project car which required a fair amount of patience, problem solving and resourcefulness to complete as I was learning along the way.
